Our commitment to the environment is founded on our core company vision, mission and values:

Our vision is to: **Think beyond the square**

Our Mission is to: Reduce the impact on the environment of our Client's actions by providing innovative solutions, challenging perceived thinking, and pushing the boundaries of achievement whilst using all resources in a sustainable way.

Sustainability and environmental protection are integral to all of our work. From our daily operations to our consulting advice, we consider ways of delivering our services with the lowest environmental footprint.

We are committed to:

- Continually monitoring our environmental risks and impacts and mitigating them in accordance with ISO 14001:2015
- Committing our resources to maintaining our position at the forefront of the sustainability industry, keeping abreast of current technologies, continually seeking improvement, and opportunities and thinking to bring sustainability solutions quickly and effectively to our operations and our clients
- Reducing the environmental impact of our own operations through our workplace activities, purchasing, and how we behave
- Educating others on sustainable practices through our ongoing commitment to the City Switch Program, the Climate Active Carbon Neutral Program, and as Adelaide Carbon Neutral Ambassadors
- Demonstrating leadership by contributing our sustainability expertise widely to industry bodies, including the GBCA, AIRAH, CIBSE, and IWBI
- Maintaining a 6 Star NABERS Energy rating for our workplace
- Maintaining Climate Active Carbon Neutral certification for our organisation
